

My Best Friend in Class

My best friend is Heison. We are both in Class 3D. He sits next to me. He is nine years old. He has short hair.

He is very funny because he always tells me funny jokes and makes funny faces. He is also very helpful. He always helps me carry my books.

He is good at Putonghua, Computer Studies and Maths. He speaks Putonghua very well and he is good at doing sums. He also helps me in computer class.

I like to play with him at recess. He also helps me with my Maths homework. I enjoy doing lots of fun activities with him. I am glad he is my friend.

P.3D Tsang Suet Lam, Hannah
