

# My Best Friend and I

My best friend is Daniel. We became friends when we were in Class 2B. We are now best friends in Class 4B. We are of the same age.

Daniel and I look very different. His hair is shorter than my hair. In fact, it is so much shorter. His eyes are bigger than mine. His eyes are very shiny. He is the shortest boy in our class. He is a bit thinner than me.

Daniel and I have very different personalities. He is the most helpful boy in our class. He always helps me with my Chinese homework. He is also funny. He makes me laugh when I am sad or angry.

We both like dessert like puddings, cakes and cheesecakes. Sometimes I go to his home and we have dessert together.

I hope we will still be best friends when we grow old.
